

## Transportation information for day students

Pennsylvania Act 372 requires that each school district in the state provide transportation facilities to non-public school students living more than two miles but less than 10 miles from the non-public school they are attending. Each district is given flexibility as to how it implements the act.

| <u>School District</u>  | <u>Contact Person</u>                                       | <u>Telephone</u>                               |
